## Multilingualism Multilingwilizmu

### **Practical Advice**

When speaking to young children you can expose them to more than one language. However try and keep the languages separate.

Example: Say a full sentence in English or a full sentence in Maltese!

### **Parir Prattiku**

*Meta tkellem tfal żgħar tista' tuża aktar minn lingwa waħda. Però aghmel sforz u zomhom separati.*

*Eżempju: Ghid sentenza shiħa bil-Malti jew sentenza shiħa bl-Ingliż!*
